free if you mention this paper. Yarle goly by DRS. D. FAHRNEY & SON, HAGERSTOWN, Mp OBINSON

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font.

It has an automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

The burner body or gailery cannot become wedged, and can be quickly unscrewed for rewicking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everwhere. If not at yours, write for descriptive circular
